MANILA STANDARD TODAY

There are so many ways to celebrate life's numerous occasions such as birthdays, debuts, weddings, anniversaries, and more. And all the time, we want it to be memorable not only to the celebrant but to all the invited guests, family members and friends.

Creating that perfect event needs a perfect venue as well. And one of the popular venues for all kinds of parties is C3 Events Place, where one will be given the freedom to "create" the theme to make that birthday or debut memorable-and to make that "fantasy alive. So having a medieval times-inspired ambience or a disco era party like the 80's is easy to create inside C3 Event Place because it is a unique freestanding venue with a modern architecture that offers flexibility, thus allowing anyone to create their desired ambience.

To help in the preparation, C3 has dedicated Events Officers to ensure all needs are met. There is also an available list of accredited suppliers for basic events services (audio visual, photo and video coverage, florists, etc.) and a team of experienced banquet staff to ensure excellent in the dining area. One of C3's advantages is the fact that it has professional chefs to help you "customize" your own menu depending on the nature of the event. The food choices in the international menu and the local flair menu are enough to "captivate" your guests palate. The venue can accommodate more than 300 people and can be arranged in various setups.

Standard banquet equipment include cocktail, round, square and rectangle tables with Tiffany chairs. C3 Events Place is strategically located at the heart of Greenhills commercial.
