The destination isn't down on any map. It's in your palate.

C3 Events Place launched its Grand Food Tasting Affair last August 22 offering an exceptional opportunity to sample for free the culinary creations of one of the metro's top event venues.

Titled as "It's all about food & wine...Temptations", the event took their guests to a gastronomical journey around the world. Sumptuous food was presented on an outstretched table that looked like a crossroad, symbolizing four corners of the world wherein finest signature food from appetizers to desserts were presented for everybody's delight. These four corners were Timeless French Bistro that furnished refined and classy French cuisine, Cool Island Trance which featured popular local Hawaiian dishes, Inspired Asian Tang that underscored Asian cooking and Flavors of the Sun which accentuated Mediterranean favorites.

Another highlight of the event was the bar that served wide variety of plush wines sponsored by BestWorld Beverage Brands, Inc.

This affair was meant for everybody planning to have an event, both social and corporate. And the event was supported by guests from different industries such as food, telecommunications, call center, medical, and the media.

Fret not if you missed this event. This is just the start of an indulging food and beverage tasting experience. To be a part of this monthly affair, log on to www.c3phils.com and check out the upcoming event dates.
